

AFL CENTRAL VIC OFFER

Any team that signs up with INTIX before 31 March 2024 will receive first \$500 of tickets processed through INTIX free!

INTIX BOX OFFICE

The first fully integrated POS terminal for ticketing.

INTIX Box Office lets you manage card, cash and contactless payments, all from your smartphone.

This app is built to be faster, more powerful and more reliable, right off your phone – no extra tablets, hardware or card terminals required.

[Watch the video](#)

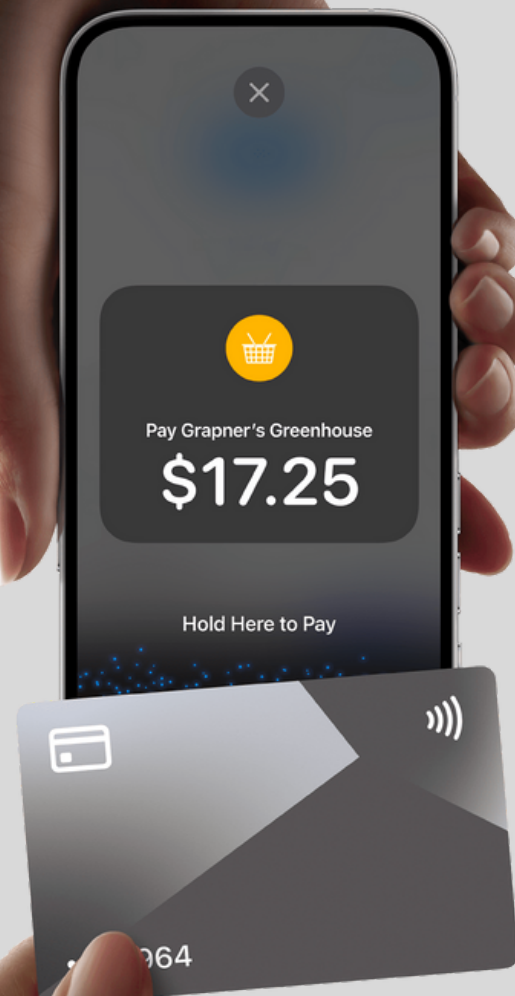

Easy to get started and easy to use.

Get up and running in less than five minutes. INTIX Box Office is so intuitive you and your team already know how to use it – no training required.

No hidden fees and no long-term commitments.

Know exactly what you're going to pay from day one with simple ticket rates, no startup fees, no monthly processing fees, and no hidden costs.

Unlimited scale. Your phone is your terminal.

When door sales get busy, you aren't restricted by hardware. When 80% of your crowd turns up in a 15 minute period, INTIX Box Office can reduce lines by utilizing more devices.

Integrated reporting and data capture.

Every card on the INTIX network has a unique fingerprint. Using this, INTIX Box Office can provide demographic data about your attendees automatically without asking questions if they have purchased on the INTIX platform before.
